STRUCTURAL ENGINEERING

Experts in Efficiency

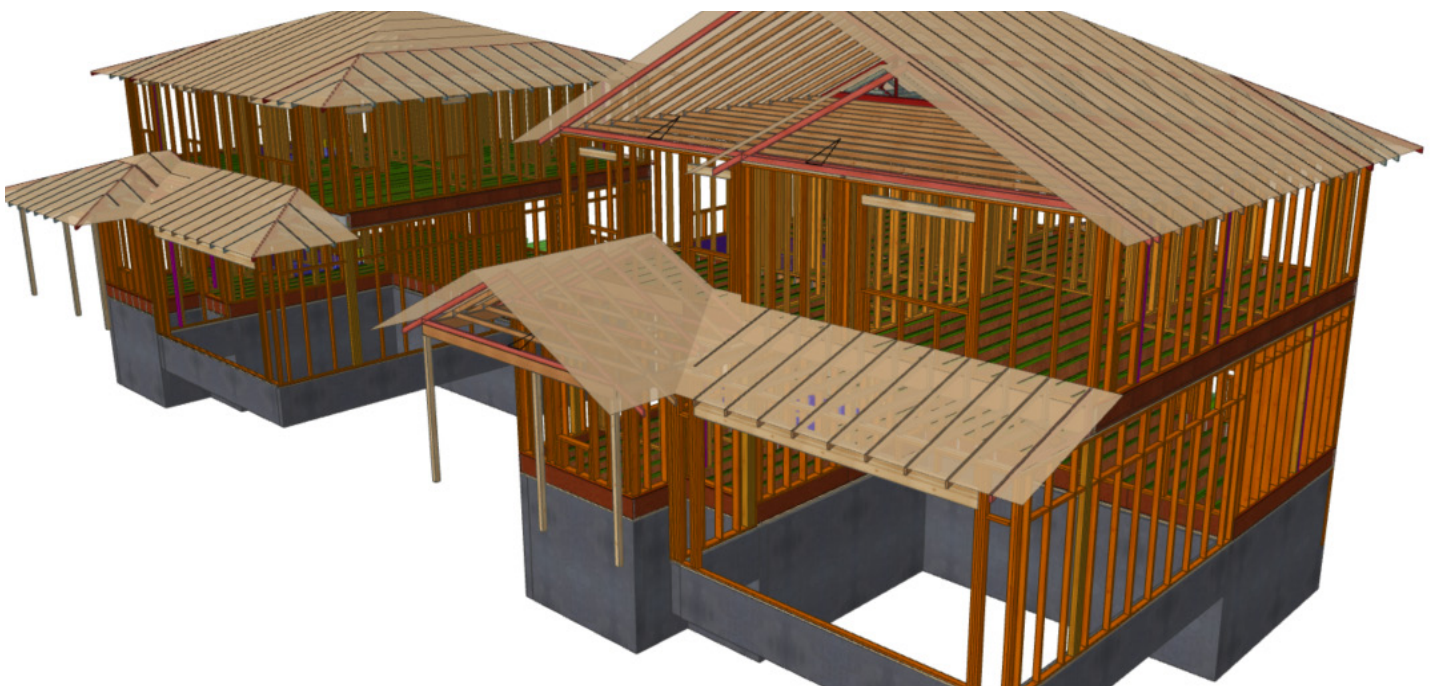

Our team focuses on engineered structural systems that seamlessly work with your design and any replication across neighborhoods. To support purchasing and construction teams, strong design collaboration provides accurate and efficient structural designs.

WE DESIGN

- Wood and cold form steel framing
- Slab foundations, including post-tensioned slabs
- Concrete, masonry block, SIPs, ICF
- Spread footing, drilled pier, and helical pier foundations
- Shoring, soil retention, and retaining walls
- Traditional and offsite construction
- Innovative materials and design technologies
- Efficient and customized lateral solutions

SERVICES INCLUDE

- Engineer of Record
- Value engineering and efficient designs
- Structural forensic engineering
- Evaluation and repair drawings
- Engineering reports and detailed documents
- Construction observations in select areas
- Construction administration
- MEP and civil engineering support

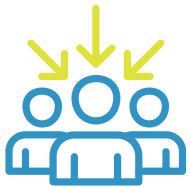

OUR STRUCTURAL EDGE

You deserve the best team. Look no further than EVstudio.

INDUSTRY-LEADING TURNAROUND TIMES

We understand that time is money and have built our process around aggressive schedules that you can rely on for your project success.

ONE DEDICATED TEAM

We have developed a unique client-centered organizational structure so that you have a dedicated team with a single point of contact for all of your project needs, including field inspections in select markets.

QUALITY ON EVERY PAGE

We have set the standard in the industry for high-quality documents, allowing your team to easily read, estimate, and execute without time delaying RFIs.

SCALABILITY TO MEET PROJECT DEMANDS

Our unique client-centered team structure allows you to grow and scale easily without delays, whether it's the addition of new communities or a regional growth strategy.

PRODUCTION HOMES & COMMUNITIES

OUR TEAM HAS WORKED WITH SOME OF THE NATION'S TOP BUILDERS IN COMMUNITIES ACROSS THE COUNTRY

We are also active members of HBA

STRUCTURING THE NEIGHBORHOOD

We design the structure for the many amenities your neighborhood offers. Whether it is an entire community center or a simple retaining wall, our expertise covers the full range of residential and commercial engineering needs. Adding your amenities to our scope will allow us to better coordinate your project and deliver a higher value on the entire neighborhood.
